

Overview of SPH Network

- Evansville
- EPCC
- Logansport
- Madison
- NDI (Indianapolis)
- Richmond

SPH Overview (Cont.)

- Two ways to get patients
 - Civil Commitment (grave danger to themselves or others due to MI)-must go through CMHCs (gatekeepers)
 - Criminal Justice System (either incompetent to stand trial or not guilty by reason of insanity)
 - Forensic referrals more than doubled from 2013 to 2019, resulting in significant backlog/waitlist
- Who are our patients?
 - Highly acute, requiring highest level of supervision and care
 - Vast majority are indigent

What are the State Psychiatric Hospitals?

- Competing views
 - Specialized medical institutions with services appropriate for patients within certain parameters OR
 - The next stop on the continuum and a place to put people when other options fail
- SPHs/Polycymakers need to be aligned on this question

Individuals with I/DD in the State Psychiatric Hospitals

(numbers as of 11/25/19)

- 99 total individuals
- Source of placement
 - 61% forensic
 - 24% CHMC
 - 15% BDDS
- 10 discharge ready individuals
 - Primary barriers to discharge
 - Guardian issues
 - Waiting on I/DD group home bed availability
 - Searching for I/DD provider
- Currently are no DMHA run HCBS waiver programs, other than CMHW, which has I/DD as exclusionary criteria
